

Edeviser Legacy UI & Prototype Audit Report

Generated: 8/1/2026 | Author: Edeviser AI Reviewer

1. Legacy UI Audit Summary

Every Admin, Coordinator, Teacher, Student, and Parent route has been audited against the prototype templates in prototype/*.html.

- Admin Routes: /admin/dashboard, /admin/analytics, /admin/accreditation-reports, /admin/fees, /admin/institution-structure map strictly to finalized prototypes.
- Shared Design System: Primary action palette #0382bd (Hover: #026fa3, Active: #025c88) is enforced.
- Legacy Fallback Elimination: No route converts RPC exceptions into fake zero data. Retryable error states are rendered.
